

## 4WEB Medical completes financing with SWK Holdings

### Torreya served as financial advisor to 4WEB Medical

Dallas, TX, June 14, 2019

4WEB Medical, an orthopedic device company, closed a financing round with SWK Holdings Corporation, a life science specialty finance company. The proceeds from the transaction will be used by 4WEB Medical to accelerate growth over the next five years with investments in product development, procedural based solutions and clinical research.

Thirty years of research in topological dimension theory led to the discovery of a novel geometry, the 4WEB, which can be used as a building block to create high-strength, lightweight web structures. The company leveraged this breakthrough along with cutting-edge 3D printing technology to develop 4WEB Medical's proprietary truss implant platform. The 4WEB Medical product portfolio for spine include the Cervical, Anterior, Posterior and Lateral Spine Truss Systems. 4WEB is actively developing truss implant designs for knee, hip, trauma and patient specific orthopedic procedures.
