

Saama Closes \$40 Million Financing with Perceptive Advisors

Torreya served as financial advisor to Saama Technologies, Inc.

Campbell, CA and New York, NY, March 25, 2019

Saama Technologies, Inc., a leading clinical data analytics platform firm, closed a \$40 million financing with Perceptive Advisors. The new financing brings the total Saama has raised since 2015 to \$75 million.

The new funding will be used to support the expansion of their Life Science Analytics Cloud (LSAC), an AI-powered platform to disrupt the planning, designing and conduct of clinical trials across the various stages of clinical development. The proceeds will also allow Saama to strengthen their ecosystem of pharma and biotech partners, academia, data providers and CROs.

LSAC seamlessly ingests, integrates, curates, and harmonizes clinical trial operational and patient data from proprietary and external data sources to deliver actionable, regulatory-ready insights. LSAC's novel deep learning approach significantly compresses clinical program timelines from clinical plan development to submission judgment for a New Drug Application (NDA).

Torreya served as financial advisor to Saama in the financing. Our capital markets team has raised \$400 million in capital for our clients since the beginning of 2018. This transaction continues to demonstrate Torreya's expansion into healthcare and pharma services.
